Music has a way of touching our lives each and every day. As babies we hear lullabies. In elementary school, we learn songs that help us learn. As we enter Junior High and High School, we sing the fight song in celebration. More importantly, we connect with “our” music, the popular tunes of the times that help shape our memories. We felt it very fitting to share our memories of 2007 with you through song. As Bob Seger would say, it is time to “turn the page...”

"Serving you and your family for over 25 years."

Over the 2006-2007 school year, Student Council has played a very active and involved role at Mechanicsburg High School. Some of the numerous things that we have been involved in include: Sponsoring the prizes for the We The People Essay Contest by the Mechanicsburg Public Library, Donated financial assistance to the Women's Tourist Club for a community medical project, held a face painting fundraiser for the Juvenile Diabetes Association, sponsored Parents Nights, sponsored and gave Homecoming prizes and float prizes. We also donated \$1000 to the 8th grade Washington D.C. Trip, oversaw elections for the upcoming student council and for upcoming class officers, donated \$2000 to the Yearbook, sponsored and held the Spring Fling dance, and sponsor pencil machines in the school for a self-fundraiser. Our accreditation lies with the NASSP.

Our agenda could not have been met this year without the strong hard workers on our Student Council team. Many thanks we owe to them for all their hard work behind scenes and in the public eye. Thanks also to our advisors. Without their wisdom and guidance our goals would have been much more difficult to reach.

I Hope You Had The
 Best Time Of Your Life

Our Salutatorian Cody Toney
 and
 Our Valedictorian Jordan Turner.

Congratulations
Class of 2007!
We Did It!

Another turning point a fork stuck in the road, Time grabs you by the wrist directs you where to go, So make the best of this test and don't ask why, It's not a question but a lesson learned in time.

It's something unpredictable, but in the end it's right,
I hope you had the time of your life.

So take the photographs and still frames in your mind, Hang them on a shelf in good health and in good time, Tattoos of memories and dead skin on trial, For what it's worth it was worth all the while.

It's something unpredictable, but in the end it's right,
I hope you had the time of your life.

It seems like only yesterday
We brought you home
So tiny, so perfect
Our beautiful baby girl.

It seems like only
yesterday
We told you the bike
was too big
And you were too
small. You said
"I can do it"...
and you did.

It seems like only
yesterday we put
you on the bus
For your first day
of kindergarten
You were so excited,
you did not see
Mom's tears.

Kirsten, we
are so proud
of the person
you have
grown to be!
You are truly
beautiful, in-
side and out!
Always strive
for the best
and never let
anyone else
decide who
you will be.
Love always!
Mom, Dad
and Kyle

Kirsten Anderson

It seems like only yesterday
You were trying to
explain how you
really didn't mean
to lock the teacher
out of the classroom
Or we were trying
to explain
that you weren't tall enough
To ride the big roller coaster yet.

It seems like only
yesterday we
watched you hit
your first ball
Or shoot your
first basket. Or cheer
your first cheer
Or sing your first solo
Never afraid to try
anything new.

Where did
yesterday go?
It became today
and our cute little girl
became a beautiful
young woman.

Megan

Megan,

Life is not a spectator sport,
Win, lose or draw, the game is in
progress,
Whether we want it to be or not,
So, go ahead argue with the
referees, change the rules,
Cheat a little, take a break and tend
to your wounds...
But, Play

Play
Play Hard,
Play fast,
Play loose and free.
Play as if there is no tomorrow.
It's not whether you win or lose but,
how you play the game.

We are proud of you Megan!!!!!!

The Joy of a lifetime, is the success one makes of life. Success is the result of hardwork and luck. Three stages there are in life. Comes first the prime of life, when on bubble with life and enthusiasm. And boils with youthful exuberance. Next comes mid age, age for reasoning, when one through life is half spent. Last comes old age, age of experience, when one is close to the grave. Success can be attained at anytime. But nothing can equal the prime of life, when one still has so many years ahead. And when at this time success smiles on you, then to the almighty be the glory, the gratitude and appreciation, for life well spent and full of success.

To laugh often and much
To win the respect of intelligent
people and the affection of children;
To earn the appreciation of
honest critics
and endure the betrayal of false
friends;

To appreciate beauty,
to find the best in others;
To leave the world a bit better,
whether by a healthy child, a
garden patch, or a redeemed
social condition;
To know that even one life has
breathed easier because
you have lived.

This is to have succeeded.

Dear Zack,

It seems like only yesterday that you started pre-school, slid down the slide at kindergarten Graduation and then left your friends in Toledo and moved to "The Burg" where you started second grade in a brand new school, with brand new friends. What an adventure and thrilling ride it has been.

As you take your final steps through the halls of Mechanicsburg High School remember all the good times and cherish all the memories. Remember that this is not "goodbye", it's "until we meet again".

When you walk out those doors you will begin another new adventure in your life. Follow your dreams and seize the opportunities that lie before you.

A. The fury within

Violence by insurgents and sects increased in Iraq despite efforts by Iraqi police and troops from the U.S. and other countries. More than 3,000 U.S. troops died in Iraq since March 2003. Iraqi authorities reported almost 17,000 of their countrymen died in that period, although estimates varied greatly. The U.N. estimated more than 1 million Iraqis fled their homes.

B. Iraq War reexamined

The Bush administration revised its Iraq strategy after a spike in sectarian violence, the results of the November elections and the Iraq Study Group report. Donald Rumsfeld stepped down as defense secretary a day after the elections; Robert Gates, a former CIA chief, stepped into the position. And President George W. Bush proposed an increase of more than 20,000 U.S. troops in Iraq.

C. Rising again

Rebuilding along the Gulf Coast continued following the fall 2005 hurricanes Katrina and Rita. In New Orleans, 74 percent of all schools, and 49 percent of public schools, were open as of December, reported The Brookings Institution, a private research group. Another such group, Rand Corp., predicted the city's population by September 2008 would be 56 percent of the pre-Katrina total.

D. Earth burns, quakes

Mother Nature stayed active in the fall, with an earthquake in Hawaii, record-setting rains and floods in the northwest U.S., and a record early October snowstorm in Buffalo, N.Y.. Five firefighters were killed in a wildfire in southern California that authorities determined was arson.

E. Winter puts life on hold

Holiday blizzards dumped as much as four feet of snow in parts of Colorado and Kansas. Then record warmth in the northern and eastern U.S. stalled skiing, ice fishing and ice hockey, but brought out golfers and flowers, before a massive ice storm and freezing temperatures gripped Texas northward to Maine. And more than 100 inches of snow fell in upstate New York.

F. Food safety

E. coli bacteria appeared in produce shipped to several states, raising safety concerns. At least 175 people became ill after eating fresh spinach, and two people died. Lettuce was deemed the culprit when people in the Northeast U.S. became ill after eating at Taco Bell.

The U.S. Census Bureau estimated the country grew to 300 million people in October.

Katie Couric became anchor of the CBS Evening News.

Billionaire Warren Buffet planned to give 85% of his Berkshire Hathaway fortune to philanthropic foundations.

Freezing temperatures in January destroyed 75% of California's citrus crop.

G. Hussein gone

Former Iraq president Saddam Hussein and other officials of his regime were executed for crimes against humanity after being found guilty in the deaths of 143 people from the town of Dujail in 1982. He was hanged in a chamber where his regime carried out death sentence orders.

H. 9/11 five years later

Ceremonies marked the fifth anniversary of the 9/11 terrorist attack. Tributes took place at Ground Zero, where the World Trade Center towers once stood in New York, at the Pentagon and at Shanksville, Pa. Meanwhile, work continued on Freedom Tower, the skyscraper that will replace the World Trade Center towers.

I. A new Congress

Voters in the November midterm elections gave the Democrats a majority in Congress for the first time in a decade. With the victory, Rep. Nancy Pelosi, D-Calif., became the first female speaker of the House. The majority in the Senate was in jeopardy for a time because Sen. Tim Johnson, D-S.D., underwent brain surgery for intracerebral bleeding in December.

Construction began for a Rev. Martin Luther King Jr. memorial on the National Mall in Washington, D.C.

Dow Jones industrial average broke 12,500 for the first time.

Milton Friedman, Nobel Prize-winning economist who defined free-market economic theory, died at 94.

Pope Benedict XVI visited Istanbul's Blue Mosque, only the second papal visit ever to a Muslim place of worship.

J. President Ford dies

Photo credit: AP/Wide World Photos

Gerald R. Ford Jr., 93, the 38th president, died at home in California in December. Ford was the only president and vice president never to be elected to those offices. He was appointed vice president by President Richard Nixon, and he assumed the presidency when Nixon resigned amid the Watergate scandal in the 1970s. Ford is remembered for pardoning Nixon.

what you think!

Which story had the greatest impact on Americans this year?

Iraq war: 44%

High gasoline prices: 42%

Immigration: 6%

2006 Elections : 6%

Survey results compiled from responses of 1,600 high school and middle school students across the nation.

K

K. Communities shattered

Three school shootings in one week in the fall took the lives of nine people. Charles C. Robert IV entered the one-room West Nickel Mines Amish School in Pennsylvania and shot 10 girls, ages 6 to 13, and then himself. Five girls and Roberts died. In Wisconsin, a 15-year-old student at Weston School shot his principal, and in Bailey, Colo., a man shot a 16-year-old girl and himself after a standoff.

L. Ailing leader

Cuban officials claimed President Fidel Castro was slowly recovering from major surgery, and planned to return to power when he was well. Although Castro issued a message on New Year's Day, the 48th anniversary of his revolution, the fact that he had not been seen and few photos were released fueled speculation about the true condition of his health.

M. Ethics charge

Durham County, N.C., prosecutor Michael Nifong was charged with ethics violations in the case of three Duke University lacrosse teammates accused of sexual assault. The North Carolina bar filed the charges against Nifong, claiming he made inappropriate statements to the media about the suspects and DNA evidence.

Former Texas Gov. Ann Richards, famous for a 1988 Democratic convention speech, died in Austin.

New York City could have an all-day rush hour by 2030, city planners and other experts said.

L

M

N. Continent in turmoil

Armed conflict and starvation continued across Africa. Somalia, with the help of Ethiopia, fought to quell Islamic militants. The U.S. made airstrikes against militants thought to be hiding al Qaeda suspects in the 1998 bombings of U.S. embassies in Tanzania and Kenya. In Sudan's Darfur region, the United Nations sought help for starving refugees amid fighting between rebels and government militia.

O. They come; should they go?

Congress, the president and American citizens grappled with the emotional and economic issue of illegal immigration. The debate ranged from sending home all people in the U.S. illegally and fining employers who hire them to amnesty and a guest worker program. President George W. Bush signed a bill to build 700 miles of new fencing along the U.S.-Mexican border.

N

Rep. Mark Foley, R-Fla., resigned after inappropriate emails to Congressional pages were brought to light.

Cartoon characters appeared on fruits and vegetables to promote healthier eating.

P. Removing trans fats

Use of trans fats was stopped in some high-profile settings. New York City's health board banned them in restaurants, as did Universal Parks and Resorts and Walt Disney Resorts at their U.S. parks. Trans fats are less expensive to use, but increase bad cholesterol levels, a factor in heart disease.

Q. Helping hand

Oprah Winfrey opened a school for disadvantaged girls in South Africa, named the Oprah Winfrey Leadership Academy. Winfrey spent more than \$40 million to build and supply the academy and helped to interview and select the first 152 girls to admit. The school will eventually have 450 girls. Winfrey plans to build a second school for boys and girls in South Africa.

R. Spy thriller

Interpol joined the investigation of the death of former Russian KGB agent Alexander Litvinenko, who died from ingesting radioactive polonium-210, but not before claiming Russian President Vladimir Putin was behind his poisoning. The Kremlin denied the accusation. The investigation strained the relationship between the Russian and British governments.

S. U.S. pressures Iran

Photo credit: AP/Wide World Photos

The United States continued to seek ways to pressure Iran to stop its nuclear program. The United Nations Security Council passed a resolution imposing sanctions on Iran to stop uranium enrichment, which Iran claimed was for electricity generation and not weapons. The U.S. also announced sanctions against Bank Sepah, which provides international banking services in the Middle East.

T. Ask for it by name

Pseudoephedrine is a great decongestant when you have a cold. Unfortunately, it is also used to make methamphetamine, so the government made pharmacies take products such as Sudafed and Drixoral off the shelves. Now adults who want the medicine, must ask for it, show photo identification and sign a logbook.

U.S. scientists claimed to have lined bees to detect explosives.

Ban Ki-moon of South Korea became the new United Nations secretary-general Jan. 1

Pop star Madonna's decision to adopt a Malawian boy angered child welfare groups but focused attention on the 900,000 orphans in Malawi.

Teacher Gary Weddle of Ephrata, Wash., stopped shaving Sept. 11, 2001, and will shave only after Osama bin Laden has been caught or killed.

A

A. Indy does it

Playing in a soggy downpour in Miami, the Indianapolis Colts won Super Bowl XLII by defeating the Chicago Bears, 29-17. Though the game was plagued by both teams fumbling in the rain, Indy quarterback Peyton Manning was chosen the game's MVP after leading the team to almost 500 yards of offense. It was the first championship for Manning and coach Tony Dungy, both long considered two of the best in the game.

B. Italian delight

Italy won the fourth World Cup title in the nation's history, winning a 5-3 shootout over France in the final match, after the two teams battled to a 1-1 draw in regulation time. The championship game was marred when French star Zinedine Zidane was ejected for a vicious head butt.

C. Gator bait

The Florida Gators chomped on Ohio State in the BCS National Championship Game, routing the Buckeyes 41-14. Florida quarterback Chris Leak easily outplayed his Heisman Trophy counterpart, Ohio State's Troy Smith, and Florida became the first school to win a college football and college basketball national title in a 12-month span.

B

C

D

D. Good-bye, Andre

Tennis star Andre Agassi brought his competitive career to an end, retiring after 20 years as a pro because of various back injuries. Considered one of the all-time greats, Agassi was one of only five players in history to win all four Grand Slam titles.

E. Fast friends

Golfer Tiger Woods and tennis star Roger Federer, possibly the two most dominant individual athletes in sports, amused the media by striking up a public friendship. The buddies each had a great year: Federer broke the record for most consecutive weeks ranked number one in the world, and Woods won six tournaments in a row, including the British Open and the PGA Championship.

F. It's in the Cards

After sneaking into the playoffs with only 83 wins, the St. Louis Cardinals stunned the baseball world by advancing to the World Series, and then promptly knocked off the Detroit Tigers in five games. Scrappy shortstop David Eckstein was the unlikely MVP for the unlikely champs.

The U.S. men's basketball team struggled, losing to Greece at the World Championships.

Texas Tech coach Bobby Knight got his 880th win, a new record for college basketball.

Sports Illustrated named Miami Heat guard Dwayne Wade the Sportsman of the Year.

G. Quite a year

After finishing second in 2003 and 2004, NASCAR driver Jimmie Johnson finally broke through and won his first Nextel Cup championship. Johnson became the first driver to win the Daytona 500, the Brickyard 400 and the Nextel Cup all in the same season.

H. Call it a comeback

Coming off a year where she was plagued by a chronic knee injury and her world ranking plummeted, Serena Williams kicked off 2007 in fine comeback style by winning the Australian Open, knocking off top-ranked Maria Sharapova in the process.

I. Testing troubles

Two high-profile American athletes dealt with the fallout from failed performance-enhancing drug tests. Cyclist Floyd Landis won the Tour de France, but was then stripped of the title. Sprinter Justin Gatlin, an Olympic Gold medalist and world record holder in the 100 meters, was banned from competition for eight years.

what you think!

Who is the most dominant athlete in American sports right now?

Peyton Manning: 23%

LeBron James: 23%

Tiger Woods: 18%

Ohio State quarterback Troy Smith won the Heisman Trophy.

In its first year since relocating from San Jose, the Houston Dynamo won the MLS championship.

Tony Gwynn and Cal Ripken Jr. were elected to the Baseball Hall of Fame in their first try on the ballot.

J

J. Back to school

New rules dictated that basketball players could not enter the NBA draft until they were at least one year removed from high school. As a result, several highly touted players, such as Ohio State's Greg Oden, planned on spending at least one year playing college basketball before turning pro.

K. A terrible accident

Just days after his team was eliminated from the playoffs, New York Yankees pitcher Cory Lidle was killed when the small plane he was co-piloting accidentally crashed into a New York City apartment building. The crash also killed flight instructor Tyler Strange.

L. What a flip

Motorsports athlete Travis Pastrana stole the show at the X Games by becoming the first competitor to ever land a double backflip during a motocross competition. Even though the move won him the Freestyle MX gold medal, Pastrana said he had no plans to ever try the stunt again.

K

L

M. Coming to America

British soccer star David Beckham surprised many by signing a deal to play for the Los Angeles Galaxy of MLS. Essentially a household name in England and throughout Europe, Beckham immediately provided some credibility for the American league, typically considered a notch below the European leagues.

N. A lady tiger

Mexican golfer Lorena Ochoa was named the AP Female Athlete of the Year after a season in which she won six tournaments on the LPGA tour and earned more than \$2.5 million in winnings.

O. Ouch!

Serious youth sports injuries continued to become more common, especially with the continued proliferation of extreme sports like snowboarding and skateboarding. Doctors were concerned that teens who suffered knee ligament tears were becoming more susceptible to early arthritis.

Kentucky Derby winning horse Barbaro was put to sleep after an 8-month ordeal from a broken leg.

Legendary Boston Celtics coach Red Auerbach, who led the team to nine titles, died at age 89.

Small school Boise State went 12-0 during the college football season, and then became the subject of debate by being included in the BCS. The team provided quite a response, knocking off Oklahoma in an overtime thriller in the Fiesta Bowl, both sending the game into OT and then winning the game on trick plays.

Q. The next great one?

Sidney Crosby of the Pittsburgh Penguins became the youngest player in NHL history to score 100 points in a season during his rookie year in 2006. In 2007, the 19-year old became the youngest player ever voted in as a starter for the NHL All-Star Game.

C

A. YouTube goes Google

The wildly popular website YouTube, which allows users to exchange video clips, was purchased by internet portal Google for \$1.65 billion. The deal got mixed reviews. YouTube benefited from Google's global reach, but users complained when hundreds of copyrighted clips were removed from the site.

B. The latest gadget

Technology innovator Apple jumped into the wireless phone business with its latest product, iPhone. Designed to combine a digital camera, PDA, media player and wireless phone in one device with a touchpad screen, the iPhone cost between \$500-600.

C. A reason to hope

For the second straight year, cancer deaths in the U.S. dropped. The totals decreased by 3,014 deaths. Doctors attributed the success to declines in smoking, as well as earlier and more effective treatment of tumors.

D. Game of choice

Sony fired the latest salvo in the video game wars by releasing the PlayStation 3 device to compete with Microsoft's Xbox 360. With models featuring 20GB and 60GB of memory for media storage, Sony plugged the PS3 as much more than just a video game console.

E. Save the seafood

A group of ecologists published a study indicating that if current trends of overfishing and pollution continued, then the seafood industry faced a possible collapse by 2048.

F. A new treatment

The FDA approved a new drug called Gardasil, which claimed to be a vaccine to treat the virus that can cause cervical cancer. Guidelines called for the drug to be administered to girls as young as 11 or 12 before they become sexually active. Some conservative religious groups immediately voiced concern that doing so would promote promiscuity.

Divers studied wreckage in North Carolina believed to be the ship of the famous pirate Blackbeard.

Studies indicated humpback whales have a brain cell type seen only in humans, apes and dolphins.

Due to new standards, astronomers said Pluto was no longer considered a planet.

H. Race to the moon and beyond

The U.S., Japan, Russia and China all continued renewed efforts to send manned missions back to the moon for the first time in more than 30 years, and started plotting manned missions to Mars. Scientists guessed that by 2020, both goals might be reached.

I. Future fuels

BMW became the first auto manufacturer to take a hydrogen-powered car into mass production by producing 100 models of the Hydrogen 7, a car powered by pumping hydrogen into a combustion engine and igniting it. Meanwhile, more ethanol fuel refineries continued to open across the country.

J. Think it, move it

Advances in medicine allowed doctors to hone and improve artificial limbs, including "bionic" arms that can be controlled by impulses from the brain. The U.S. military began projects to research the thought-controlled arms for use by wounded soldiers returning home.

B. Top of the list

In an annual survey of the highest-paid actresses in Hollywood, Nicole Kidman landed on top for the first time by earning an average of \$17 million per movie. Kidman also became one-half of another high-profile entertainment couple, marrying country star and fellow Aussie Keith Urban.

C. Almost a dream

Dreamgirls, a musical loosely based on the rise to fame of Motown legends The Supremes, actually led all films with eight Oscar nominations. C. The '80s are back

Long sweaters, leggings, tall boots, wide belts, big black sunglasses and big jewelry – designers took 1980s fashions for women and gave them a twist for the new century. Untucked button shirts over tees, Polo shirts and cargo pants were still mainstays for the guys. And fashion went beyond clothes, with cell phone bling in the form of stickers, faceplates, charms and holders.

D. Feed me

Lunch lines moved faster thanks to technology that let parents keep funds in an account that the student can access. Children at some schools used an account number, while other students used fingerprints to make their purchases. Parents also saw what their children were buying.

SUP? Text messaging, that's what. Texting via cell phone was cheaper than talking, and was used by students to check in with friends or remind parents to pick them up.
