# Where the Drama Never Ends...

I love movies. I like comedies, drama—I like animated films, I simply love watching movies.

But no matter how great the movie, when it has ended, I remember only certain scenes.

Our times at Mechanicsburg Schools are much like that great movie. The scenes from our time here will play in our minds forever.

Sometimes we will see the “Burg Jack” after a great win, other times we will see that test being handed to us while we wonder how many answers we will know.

When the “Mechanicsburg movie” plays in my mind, I see one wonderful scene after another. I see hands being extended in friendship, faces open with the willingness to try new things, and an air of excitement for new things to come.

When your scenes of our school play in your mind, I hope they will bring a smile to your face, and warm a special place in your heart.

Mine do.

Herbert D. Swiger, Superintendent  
May 1999- December 2005

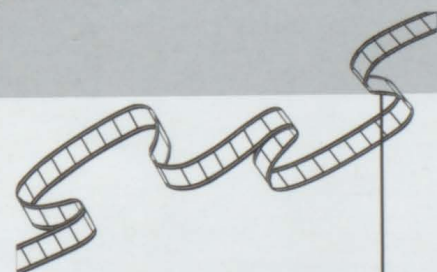

Movies are a wonderful source of entertainment. As we watch movies we can learn great values from them. We also can relate to some movies, and some movies just make us laugh. Regardless of what movie you watch and what you get from it, the movies will continue to play and new ones made. As you travel through life, you make your own movies and your own mark in this world. As a new year starts, a new beginning does as well and as you look back on your days, I hope you laugh at least once every day and while you look ahead, I wish you all a great future.

Senior Kyle Rutan

The runners for the 2005 Cross Country season included seniors Leslie Edwards, Krystin Mullins, Lucas Gordon and Kyle Rutan. This year's freshmen included Ashley Marquis, Patrick Livingston and Hannah Edmiston.

Numbers were up from years past and it has been the first time that I have entered 7 runners in a 5k race. Also, this year marks the first time that we have had numbers to make a girls team. Though the season was plagued with shin splints and other injuries it ended on a positive note with the runners setting personal best times at the OHC meet.

As I congratulate the seniors for a job well done I look forward to next season and working with my group of enthusiastic freshmen, now sophomores, and whoever they bring along for the run.

# 2006

Congratulations to the 2006 Varsity Track Team for a very successful season! The 2006 season will forever go down in history as the first time ever Mechanicsburg athletes ran a home meet. The new facilities have proven to be fantastic. Senior Leslie Edwards, Senior Mark Bline and Senior Lucas Gordon, along with relay mates, Joey Brown, Joel Good and Zack Ziegler made it to the regionals. The relay team and Mark Bline went on to State competition, with Mark Bline earning 5th in the state for shot put!

This year, the Mechanicsburg Chapter of SADD participated in a wide range of activities! During Red Ribbon Week, the RRW Committee went into elementary classes and taught students how to make the right choices and stay safe. The Winter Committee shared with us their wisdom in making safe decisions and celebrating the many ways that SADD has helped our school. The Spring Committee put on a show about Prom and how dangerous drinking & driving can be. They also sponsored the Prom Promise Breakfast and had a Highway Patrol Officer come in and speak about how we should always make safe choices. Thanks to SADD for all they did for us this year!

Holli,

You have grown so quickly from our cute little girl into a beautiful young lady. We are so blessed and so proud to call you our daughter. You have brought more happiness into our life than you will ever know. We wish you only the best for the future. Remember to keep your eyes on The Lord and your heart full of love and never give up on your dreams. You have many people who believe in you so don't stop believing in yourself. We love you very much.

# Bobby Arthur

Bobby,

It seems not long ago that you were walking out to the school bus. You were pretty scared, but you climbed those steps and never looked back.

I stood there waiting at the door for you to turn around and wave to me, but you didn't look back. I thought at that time that my baby was growing up.

Well, that thought is back, only this time you are grown up. Where has the time gone? You are now a wonderful young man. We are so proud of you!

We wish you all the love and happiness that life has to offer. Good luck in life with whatever you choose to do.

Remember that we will always be here for you whenever you need us.

Spread your wings and soar!

Be who you want to be!

We love you Baby Bear,

*Clarity and Inspiration, Happiness is a destination that's hard to find,  
It may take some time. But in your mind there's something more,  
And you'll open up brand new doors, and find the strength to close the  
Ones you've left behind. You'll get there.*

We are very Proud of you!!!

Good Luck at Valparaiso,

You'll make a great nurse! We LOVE you!!!

-Mom & Dad

You came into this world with a broken collar bone,  
We knew that instant you were strong, who could've known.  
Your qualities are many, complaints were always few,  
Mommies little helper, "Is there something I can do."  
You were present every game to support your big brother,  
Be it baseball, basketball, or football it was always one or the other.  
Just as proud as you could be, if only just to be there to support your  
family.  
Then one day you gave us all a scare, Laying on the court with a  
dislocated knee,  
No concern of the pain, not a single tear,  
Just the sadness and fear of losing your Senior year.  
Once again reminded of your strength, a few months pass and you were  
hitting the three.  
Your personality is fun, loving, and kind, always willing to go with the  
flow,  
As your parents and your family we are Proud! Certainly it must show.

Lots of love,

Dad, Mom,  
Aaron and Amber

This season started with high expectations, partly because of the success of the 8th grade football team from a year ago being undefeated. The coaches knew we had to convince our players to work hard, make good decisions, play as a team, and have some luck in order to repeat as OHC champs. We were able to do all of these things. What a determined group of young men. I along with Coach Bradley, and Coach Wynn are proud to have had the opportunity to work with such fine young men. Congratulations eighth graders OHC Football Champs

The seventh grade volleyball team was a group of dedicated, talented individuals. While some of us began the season with excellent volleyball skills, others learned quickly. We enjoyed winning our first game against our neighbor rival Triad, 25-18, 15-14. West Jefferson was another big win earlier in the season. One of our hardest fought battles was against Ben Logan. Although we played with much intensity, the close three-game match went to the Raiders. We ended the season 8-8 and we are determined to make next year even better.

### A-D Storm surge

The 2005 hurricane season led to a record 27 named storms – 14 of them hurricanes – with several of them striking the U.S. Gulf and Atlantic coasts. Losses were estimated at \$57.6 billion in the U.S. from hurricanes Katrina, Rita and Wilma, with those first two storms throwing more than 500,000 people out of work. Here's a breakdown of some of the damage:

- Katrina struck the tip of Florida before making a beeline for Louisiana, Mississippi and Alabama on Aug. 29, destroying homes and businesses and taking more than 1,200 lives.
- New Orleans flooded after levees broke, leading to many rooftop rescues. More than 25,000 people, including the 23,000 who fled to the New Orleans Superdome, were sent to Houston's Astrodome for temporary shelter.
- The Mississippi coast took a direct hit, with high winds and 20-foot high waves leveling buildings and even moving casinos off their moorings.
- About 372,000 children from all three states started school in different cities or were being home-schooled; and approximately 18,000 college students from Louisiana spent the fall semester at other universities.
- Rita struck three weeks later in Louisiana and Texas. In one of the largest evacuations ever, 2.8 million people in southeast Texas, including Houston and Galveston, struggled to leave.
- Arlene hit Mississippi and Alabama, while Dennis struck Alabama and Florida. Ophelia stayed offshore of the Carolinas and Virginia and pummeled the area with heavy rains.

### E. Hurricane tragedies widespread

Wilma hit Mexico first, stranding tourists and damaging Mexico's resorts and economy. The tragedy was much greater in Guatemala following heavy rain from Hurricane Stan. More than 650 people died and more than 370 were missing after massive landslides there buried communities. Mexico, El Salvador, Nicaragua, Honduras and Costa Rica also reported deaths and damage from Stan.

You said it...

Have you made any type of donation to the hurricane relief efforts along the U.S. Gulf Coast?

**YES 57.7%**

**NO 43.3%**

Former Iraqi President Saddam Hussein went on trial for crimes against humanity.

A three-day transit strike in New York City stranded 7 million people before Christmas.

Angela Merkel became Germany's first woman chancellor.

Ellen Johnson-Sirleaf became president of Liberia and Africa's first elected female head of state.

## F. New day in Iraq

Coalition troops, mostly from the U.S., remained in Iraq to put down insurgents as the citizens continued their quest for democracy. Iraqis approved a new constitution in October and their Parliament in December, in an effort to set up their new government.

F

## G. New terrorist attacks

London felt the wrath of Islamic extremists when four bombs went off July 7, killing 56 people and injuring 700. Alarming was the fact that the four suicide bombers were Britons. An attempted attack on July 21 was thwarted and the suspects were caught. Bali, Indonesia, was the site of a suicide bombing again following one in 2002, and three suicide bombers attacked three hotels in Amman, Jordan.

G

## H. More of Mother Nature's wrath

A severe drought provided kindling for wildfires that consumed hundreds of thousands of acres and hundreds of homes and businesses in Texas, Oklahoma, New Mexico, Arkansas and Colorado.

H

## I. Palestinians elect change

Members of the Hamas organization, which calls for the destruction of Israel, won a majority of the seats in the Palestinian Parliament in January. The United States, the European Union and Israel have labeled Hamas a terrorist group, and were carefully watching the change of government.

I

## J. Top court shuffle

Two vacancies were filled on the U.S. Supreme Court. John G. Roberts became the new chief justice, replacing William Rehnquist after his death. Samuel Alito took the seat of Sandra Day O'Connor, who retired.

J

K

## K. Matriarchs pass on

Rosa Parks and Coretta Scott King, two leaders of the civil rights movement, died within a few months of each other. Parks was remembered for refusing to give her bus seat to a white man in Montgomery, Ala., in 1955. King was the wife of slain civil rights leader Martin Luther King Jr., and she founded the King Center for Nonviolent Social Change in Atlanta to carry on his work.

L

## L. Gas, oil prices heat up

High gasoline prices increased even more following hurricanes Katrina and Rita, which damaged oil refineries in the Gulf region. Prices were up already because of increased summer demand, higher crude prices and less refining capacity worldwide. Winter heating bills also surged as oil companies tried to repair damage and restore production.

Peter Jennings, anchor of ABC's *World News Tonight* for 22 years, died of lung cancer.

Western Union discontinued all telegram services after 150 years.

High school senior Michael Sessions was elected mayor of Hillsdale, Mich., beating the incumbent as a write-in candidate.

W. Mark Felt, a 91-year-old former FBI official, revealed he was Deep Throat of the Watergate scandal.

**M. Mountain tragedy**

A massive earthquake in the mountains of the Kashmir region of Pakistan in October killed more than 79,000 people, injured almost as many, and left about 3.3 million homeless as winter approached. Donations were lacking and relief supplies were slow in reaching the needy.

**N. New Pope**

Joseph Ratzinger, a 78-year-old German cardinal, was installed as Pope Benedict XVI. Benedict, who now leads the world's 1.1 billion Catholics, worked closely in the Vatican with his predecessor, Pope John Paul II.

**O. Flu scare for the birds**

Medical officials put the world on notice after a strain of avian flu was detected in some isolated human cases in China and Hong Kong. After more cases popped up elsewhere, the World Health Organization urged countries to prepare for a possible pandemic. There were concerns not only about migratory birds spreading the disease, but commercial fowl shipped for consumption.

**P. Nuclear concerns**

The U.S., Great Britain, France and Germany continued to pressure Iran to reduce its nuclear activities, and wanted the United Nations security council to impose sanctions.

**Q. Should they listen in?**

The National Security Agency came under fire for using electronic eavesdropping without warrants. The practice began after the 9/11 attacks to fight terrorism, and while the Bush administration, including Attorney General Alberto Gonzales, defended the practice, others argued it was illegal.

**R. Mining tragedies**

Sixteen West Virginia coal miners died in separate accidents in January, as did one miner in Kentucky. In the first accident at the Sago mine in West Virginia, a terrible miscommunication led the families to believe the men were alive after a 41-hour rescue.

An old-fashioned battle of the sea was won with today's technology. ## A-E Games of Turin

Turin, Italy stepped onto the world stage and played host to the Winter Olympics for two weeks in February. It was the largest Winter Olympics ever, with 2,500 athletes representing 82 countries competing in 84 events.

Long-track speedskating turned into one of the American team's best events. Shani Davis (A) won the Gold medal in the men's 1,000 meters and became the first African-American champion in Winter Olympics history. Former inline skating champion Chad Hedrick became an Olympic speedskating champion in the men's 5,000 meters just three years after taking the ice in the sport for the very first time. They were joined at the top of the podium by teammate Joey Cheek, who sprinted to Gold in the men's 500 meters.

Snowboarding was also ruled by the U.S. Shaun White (B), nicknamed "The Flying Tomato" for his bright red hair and acrobatic moves on the extreme sports circuit, won the Gold medal in the Men's Halfpipe. The 19-year old White showed nervousness when he fell during qualifying, but he recovered to win the Gold with a flourish in the finals. Other American winners included Hannah Teter in the Women's Halfpipe and Seth Wescott in the Men's Cross.

Ted Ligety (C) gave the U.S. ski team a boost by winning the Alpine Combined. It was the first Olympic appearance for the relatively unknown Ligety. He became only the fourth American male to win an Alpine Olympic Gold medal.

It was not all positive news for the U.S. Snowboarder Lindsey Jacobellis (D) poignantly summed up the highs and lows of the Olympic journey. Jacobellis was easily racing to victory in the finals of the Women's Cross when she threw too much style into an aerial and crashed. Jacobellis was unable to recover in time to keep her lead, and she was forced to settle for the Silver medal.

Figure skater Michelle Kwan (E) was forced to withdraw because of injury. Several other U.S. stars, including skiers Bode Miller, Daron Rahlves and figure skater Johnny Weir turned in disappointing performances. Figure skater Sasha Cohen, a Gold medal favorite for the U.S., stumbled to a Silver medal after falling during the Ladies free skate.

#### F. Men of Steel

The Pittsburgh Steelers capped an improbable championship run by defeating the Seattle Seahawks in Super Bowl XL, 21-10. Pittsburgh was the last team to qualify for the AFC playoffs, and the Steelers made it to the title game by becoming the first team in NFL history to win three straight playoff games on the road.
