## a WOrD from Our Superintendent:

Yearbooks like cheese get better with age, like real estate a yearbook will increase in value over time. They are consistent "memory-keepers." As students put time and distance between Mechanicsburg High School and their future a good yearbook allows students to recapture that experience by simply flipping through the pages. The historical aspect of a yearbook can't be overemphasized, as students are creating the memories that they will look back on in 20 years and realize how important it was to freeze the year in picture and words.

# Dr. Daniel R. Kaffenbarger Superintendent, Mechanicsburg EVSD 

## a WOrd from Our HS PTinciPaL:

I$n$ five years memories will start to fade, in ten you will have to start a story with 'What was that girl's name again?', and by the time you are out of school as long as I have been, it is nice to have a reminder of the names and faces that go with the stories. Whether the pass got longer, the pranks got more devious, the friends were closer, or the homerun actually left the stratosphere.
 embellishing and rehashing old stories is just not as fun with out some specifics to add to the ummm credibility. I just looked at old pictures with my family the other evening and it is a good time to reminisce, chat about our younger selves, and get a laugh about the styles we wore back then. A collection of school photos can serve that purpose and more. Want to have a discussion starter at the reunion or a way to embarass an old friend on their 5Oth birthday? Yearbook pictures will fill those needs. See a staffer to get yours today.

Volley for the Cure ${ }^{T M}$ was started by two friends in 2006 to bring awareness to breast cancer. A Volley for the Cure ${ }^{\mathrm{TM}}$ match is a regular season high school volleyball match that is designated as an awareness and fundraising match. The goal is to pack the stands with Pink! Players, coaches, parents and schools are encouraged to get involved!

Fundraising generated through a Volley for the Cure ${ }^{T M}$ event will be donated to the local Susan G. Komen for the Cure ${ }^{\circledR}$ Affiliate, working to save lives and end breast cancer forever by empowering people, ensuring quality care for all and energizing science to find the cures.

Early detection saves lives in the fight against breast cancer. By encouraging early education and awareness for the young women

Memories will flash before us
As we stop and think of you If we could turn back the hands of time That's the first thing we would do.

We'd take ourselves back to the day We first laid eyes on you Your Smile warmed our hearts Your eyes - So big and Blue

It was at that very Moment As you lay there - oh so small We knew within an instant We were in for one long haul

Our instincts were right on the mark You've kept us on the go Always such a busy child With a charismatic glow

A fantatic - full of questions Inquisitive, keen and daring Fearless, kind and loving So sensitive and caring

Willful and determined You've marched to your own beat Ture to your convictions In victory or defeat

You're confident, devoted You're handsome, dignified You're a strapping, strong, tall leader You've filled our hearts with pride

Greatness lies within you, Derik

And if you ever need us
You know that there we'll be.

What is yet to come!

Two roads diverged in a yellow wood, And sorry I could not travel both And be one traveler, long I stood And looked down one as far as I could To where it bent in the undergrowth;

Then took the other, as just as fair, And having perhaps the better claim
 Because it was grassy and wanted wear; Though as for that the passing there Had worn them really about the same, And both that morning equally lay In leaves nostep had trodden black. oh, 1 kept the first for anether day! Yet knowing how way leads on to way,

## I doubted if I should ever come back.

## I shall be telling this with a sigh

Somewhere ages and ages hence Two roads diverged in a wood, and 1 -

I took the one less traveled by, And that has made all the difference.
